Married—At Ironton, Mo., Sunday, March 12, 1911, by Squire Rasche, Louis E. Selinger and Martha Sherrill—both of Arcadia, Mo.

The Syenite Granite Company recently secured a pretty good stone cutting contract. It is said quite a number of stone cutters will be put to work.

The improvements on the Grand-homme building are being completed and the exact date of the opening of the Kandy Kitchen will be announced soon.

Senator Stone has sent the REGISTER a collection of corn, radish, lettuce and parsnip seed for distribution among our people. Call and get a package. First come, first served.

C. H. Hodges of Lesterville was in Ironton last week. Mr. Hodges was a former resident of Iron county and notwithstanding his four-score years looks pretty well and hearty.

Thos. Hill, formerly of Iron county, wishes to inform the public that he is now running a livery and feed stable at Bismarck and will always be glad to serve them in any way he can.

The county court deferred action on Jeff Brooks' petition for a saloon license at Graniteville because of some irregularities in the bond. The matter will come up in the next term of court.

Mr. and Mrs. C. B. Stone, who have been living in Teague, Texas, for a year or more, are now located at Sedalia, Mo. Mrs. Stone is a daughter of Mr. and Mrs. G. W. Marshall, of Ironton.

Robert A. Rasche last Tuesday bought the Isaac Sutton property on Main street, north Ironton, and will place his store therein. Mr. Sutton has leased for the present the Byrd residence and will remove thereto.

I have bought the horse and jack formerly owned by Mr. John Signor and myself and will stand them the ensuing season at my farm on Marble Creek, six and one-half miles south of Ironton.

The notorious John Turner of the west end of the county has filed suit against the Sligo Furnace Company to compel them to make him a deed to eighty acres of land. Turner alleges that the Sligo people agreed to make the deed but failed to carry out their contract.

Mr. and Mrs. Chas. Dalton, of Oklahoma City, Okla., are here on a visit of several weeks with the former's brother, H. M. Dalton, east of town. Before returning to Oklahoma they will visit Mrs. Dalton's relatives at Arcadia.—Farmingtown News.

Tim Shane, one of the old time engineers on the Iron Mountain, has moved back to De Soto from Arcadia and now occupies his old home on Boyd street. Tim has many friends in De Soto who are glad to see him move back to our town.—De Soto Press.

Mr. O. B. Galloway has leased the Madison House in Fredericktown, will refit the same with new furniture and will open a first-class hotel about April 1st. We believe Mr. Galloway will run a first-class place. He will be assisted by Mr. R. P. Whitworth.

Fred W. Delano arrived home from St. Louis last Thursday. On February 3d Fred had his left leg below the knee badly shattered by a "kick" from an automobile. He is able to walk, though, now, and promises to suffer no permanent injury from his misfortune.

C. C. Turner, of St. Louis, representing the Arcadia Country Club, was in De Soto Saturday and paid the Press office a pleasant call. He asked the editor of the Press to join the club, but as the membership fee is one hundred dollars we had to forego the pleasure. We did not have the price.—De Soto Press.

Chas. J. Tual of Ironton was in Potosi Tuesday and entered into a contract with Edmond Casey for building a one-story brick business house, size 28x100 feet, with a 7 foot basement full length. The house will have a modern plate glass front, and when completed will be occupied by H. McGregor & Co. Work on the new structure will begin at once.—Potosi Independent.

The Madison House was rented this week to Mr. and Mrs. O. B. Galloway of Ironton. They will refurnish the house throughout and have a lease on the same for one year with the privilege of an additional two years. They are to get possession the 15th of next month. Mr. Galloway was formerly a traveling man for a St. Louis meat house.—Fredericktown Democrat-News.

What with the local business and the cases brought here on a change of venue the docket for the April term of court promises to be larger than usual. Another case was recently added to the docket coming from Butler county on a change of venue. It is a suit for \$15,000 damages against Mayor Berryman and other officials of Poplar Bluff. Mr. David W. Hill, attorney for the defendants, was here last Friday.

Robert A. Rasche announces in this issue of the REGISTER as a candidate for Mayor of the City of Ironton, subject to the will of the voters at the City Election to be held Tuesday, April 4th. Mr. Rasche has been Mayor of Ironton for the past three years and no one can dispute the fact that he has made a careful, painstaking and conscientious official. His claims are entitled to and will receive due consideration at the hands of the voters.

The Ladies' Social Club met March 14th, 1911, with Mrs. Pruitt as hostess. The review of "Romona" was finished. Mrs. St. Louis rendered a piano solo and Miss Ruth Pruitt, daughter of the hostess, favored the club with three beautiful songs, being accompanied on the piano by Miss Alice Gay. Delicious refreshments were served and after a very delightful afternoon the club adjourned to meet March 28th, 1911, with Mrs. Mullin.

Mr. I. G. Whitworth, while standing in front of his store last Friday morning accosted us, "Have you seen my second boy?" Of course we hadn't seen him; in fact, we hadn't even heard of his arrival. "Why here he is," said Mr. Whitworth as he pointed to a boy in a bill of goods I bought about fifteen years ago. He has been in the attic for several years.—Of iron and tin, but a boy just the same.

A. O. White, of Genoa, Kansas, and Clair H. Hopkins, of South Omaha, Nebraska, were here the past week looking over the ice plant with a view of purchasing the same. Mr. White is an experienced ice maker and says the plant could be made to produce three tons every twenty-four hours. The gentlemen will probably determine within a day or two as to whether they will purchase the property, and if they do, will at once commence to get ready for the season's business.

We have before us a copy of the Prudential Weekly Record for January 30th containing an article written by Mr. E. H. Amelung, Superintendent of the Prudential office at New Albany, Indiana. Our young friend is certainly forging to the front in the insurance world and promises to get to the top of the ladder. In the year 1910 his district won out as one of the leaders in business, as well as one of the very best managed in the whole country. Old Iron county friends are glad to hear it.

The Rev. Fuller Swift, editor of the Arcadia Valley Enterprise, and who seems to have a mania for meddling with other people's business, is made the defendant in a libel suit instituted by County Treasurer Jones, of Iron county. Rev. Swift is said to have published defamatory matter concerning Jones in the last issue of the Enterprise. It seems that the Reverend editor has for some time been repeatedly charging the Democratic officials of Iron county with dishonesty, and the wonder is that they have borne with it so long.—Centerville Reformer.

G. W. Scoggin of Glover last Friday filed a damage suit in the circuit court for \$51,000 damages. It seems that the railroad company last October took up a switch or spur at Glover that Mr. Scoggin had used for the past fifteen years. He has endeavored to get the railroad company to re-install the switch but they have persistently refused, and hence this suit, the plaintiff maintaining that he has been damaged to the amount named because of the removal of the track. Chas. M. Bates, of St. Louis, and Munger & Lindsay of Piedmont are Mr. S.'s attorneys.

The indictments against Henry S. Whitener, George B. Gale, Geo. M. London, James A. London, Jr., and Gilbert V. Whitener, St. Louis real estate men, charging conspiracy to defraud the government out of lands, have been restored to the docket and a demurrer, argued Saturday, was taken under advisement. It is charged the defendants secured title to lands by the use of dummies, with the intention of transferring them to the Fredericktown Trust Company. The lands comprise 3840 acres in Montgomery county, Arkansas. The case has been removed from the District to the Circuit Court.—Lutesville Banner.

The big iron ore washer at Greenville was sold by Sheriff W. F. Ezell on Wednesday of this week under a judgment of the Butler county circuit court in favor of Bryant & Putnam, the contractors who did the work of erecting the plant. It was bid in at \$2,500 by V. V. Ing, representing the property of the St. Francis Iron & Land Company and was built during the winter of 1909-10. It is one of the largest and finest in this section of the State, but has never been operated extensively. It is said that the indebtedness of the plant amounted to \$15,000.—Greenville Sun.

Miss Ethel Morris has been seriously ill for several weeks. It was determined on Sunday that it would be necessary to take her to St. Louis and place her under the treatment of a specialist. The trip was made in a special coach attached to the north-bound train on Monday. Her parents, Mr. and Mrs. Geo. Morris, and Dr. Fleming accompanied her and they report that she stood the trip very well, but they say that a surgical operation will likely have to be resorted to in order to save her life. Miss Ethel is a lovely young woman and an accomplished pianist. The news shares in the general anxiety about her health and the sincere hope that she may steadily regain it.—Farmingtown News.

Scarcely a family in this town has escaped the measles during the winter and spring. No systematic care has been used to prevent the spread of the disease, and happily, no fatalities have so far resulted. I note that many sections far and near are afflicted. Up in Fort Leavenworth, Kansas, the disease is raging and strict quarantine has been established, as Sergeant Reese can testify. Several weeks ago his eldest daughter, aged seven, "broke out" and the family was quarantined until the child had recovered, and even then the father had to suffer fumigation before resuming his duties as commissary and mixing with the world. A few days later, while Mr. Reese was temporarily absent from home, behold the younger daughter, aged five, developed a bona fide case of the disease, and the father is quarantined from his family! One may readily conjecture his view of a system whose rigidity thus plays battledore and shuttlecock with its victims.

Friday's Globe-Democrat: "The Site Committee of the Missouri State Press Association reported to John H. Curran, President of Arcadia Country Club, yesterday that it had decided to accept the bungalow site offered by the club. The acceptance of the site followed an inspection of the club grounds by Philip Ganz of Macon, James W. Lowell of Moberly, William Southern, Jr., of Independence, and Omar D. Gray of Sturgeon, Wednesday. The committee picked out six acres near the southeast corner of Lake Killarney and will erect a \$10,000 club house. It will consist of one large assembly and dining room, with bed rooms opening off. A game preserve takes up part of the six acres. The Site Committee was chosen more than three years ago and inspected sites all over Missouri before choosing the one near Arcadia. The Press Association has subscribed half the money necessary for the erection of the bungalow and expects to have the other half before the expiration of the month. Members will be given all privileges at the Arcadia Club, while the press club will keep its bungalow open to all newspaper men in Missouri. The Arcadia Country Club will care for the grounds and provide keepers for the press club."

Last week Thos. D. Jones, by his attorneys, served notice on Dr. Fuller Swift and the audit company that depositions would be taken in the pending libel suit before Squire Rasche on Wednesday this week, and several subpoenas were issued. Whereupon the attorneys for the defendants served a like notice on the plaintiff to appear before Notary Public Luthy at Pilot Knob on Tuesday, antedating the plaintiff just twenty-four hours. Treasurer Jones was served with a subpoena sub duces tecum, that is, that he appear and bring his books. He was also served at the instance of the defendants, with notice to appear the same day before Judge Dearing at Potosi. Deeming this the more insistent notice, he went to Potosi, leaving Mr. Edgar to look after his interests there. He couldn't possibly be in Pilot Knob and

Potosi at the same day and hour, could he? Yet defendant's attorneys wanted him attached because he failed in this impossible feat; but Squire Luthy peremptorily refused to commit this act of injustice. Two witnesses—Judge Stevenson and W. T. Gay—were examined relative to the matters taking place before the county court a couple of weeks ago when petitions asking the auditing of the county's books were presented. Adjournment was taken to March 29th. At Potosi Judge Dearing denied the asked for mandamus.

St. Francois, Washington and Dent counties are to have a new electric line running west from Bismarck if the plan of the Springfield and Illinois Traction System, as outlined to the citizens of Bismarck at a mass meeting last night, are carried out. J. C. Smith, president of the Illinois corporation, accompanied by E. E. Evans, who is connected with the U. S. Department of Agriculture, addressed the Bismarck meeting last night. Mr. Smith stated that his company would build the line provided the land owners would furnish the right-of-way. The projected line runs west from Bismarck through the southern part of Washington county and through a portion of Dent county to a connection with the Salem branch of the Frisco at Sabine. Caledonia, Belgrade and Palmer in Washington county will be on the line of the road. This line will open up the best area of standing hardwood timber in Missouri and will penetrate a district rich in mineral resources. The Missouri Car and Foundry Company of St. Louis, is holding 100,000 acres of virgin hardwood in the territory traversed by the road. Mr. Smith stated that the Southern Missouri railroad, a lumber carrying road of Reynolds county, will extend its line northward through Reynolds and Iron counties to a junction with the proposed electric line. Meetings similar to the one held in Bismarck last night will be held in Caledonia to-night and in Belgrade Saturday night.—Lead Belt News.

### On Staying at Home.

It is for want of self-culture that the superstition of traveling, whose idols are Italy, England, Egypt, retains its fascination for all educated Americans. They who made Italy, England, or Greece venerable in the imagination did so by sticking fast where they were, like an axis of the earth. In many hours, we feel that duty is our place. The soul is no traveler; the wise man stays at home, and when his necessities, his duties, or any occasion call him from his house, or to foreign lands, he is at home still, and shall make men sensible by the expression of his countenance, that he goes the missionary of wisdom and virtue, and visits cities and men like a sovereign, and not like an interloper or a valet.—Emerson.

### A Clock of 1790.

An interesting specimen of a long clock, made in 1790,
